SS Patil international school

Plot No.1, Sector No. 15, Dronagiri Node, Uran, Navi Mumbai.

Vivek Patil Global Kids

A vertical photograph on the left side of the page. It shows a person's hands holding an open book, reading it. The person is sitting on a green grassy field. In the background, a soccer goal with a white net is visible, and beyond that, a brick wall and some trees. The scene is brightly lit, suggesting daytime.

MESSAGE FROM THE MANAGEMENT

As rightly said by Nelson Mandela - "Education is the most powerful weapon which you can use to change the world."

We at S S Patil International School wish to align ourselves to the same dictum, by giving you and your child a new horizon in education. An experience that will leave the parent and the learner with a completely new outlook towards life.

At S S Patil Educational Institutions the focus is adopting the best standards and practices in every aspect of education and learning. Education involves holistic approach to curricular and co curricular endeavors. It also entails the best of facilities, infrastructure and assessment standards.

With the paradigm shift in the field of education, children at SSPIS will be provided with opportunities and situations that facilitate them to exhibit their hidden potential to the fullest.

Learning at S S Patil International School is the pathway to identifying and nurturing the talent of every learner at young age.

- ▶ Cricket
- ▶ Foot Ball

INTELLECTUAL PROGRESS

Today's learner thinks of technology as something akin to oxygen, they consider it second nature and even acknowledge each other and form their personal identities based on it. We wish that our learners take the advantage of technologies available globally. We aim at offering appropriate guidance through our experts, who could introduce these technologies as a day-to-day learning tool. We want our learners to excel in every state-of-art technical environment and reap benefits of the same.

Harmonized Curriculum:

We know that each learner embraces a different learning methodology. A good curriculum reflects the need of the individual learner. Our curriculum is designed to ensure the all-round development of each student. A child-centric approach is utilized that promotes structured play, practical applications of knowledge and skills. Regular school trips stresses the importance of experimenting and experiencing in order to develop the total personality. Teachers are trained to create and use programs that make learning a joyful experience for their students. Emphasis is on helping students develop growing enthusiasm towards learning, and a healthy drive to excel and achieve. Our curriculum is well researched and equipped to meet the challenges of an ever evolving and curious present generation that we serve.

MORAL PROGRESS

When most people talk about a school curriculum, they think about Math, Science, Social Studies and Language courses. Seldom do we hear or read about moral values as being part of the curriculum . The problem is that the neglect of teaching moral values in schools is detrimental for our learners and is causing problems in society. If a person has never learnt any moral values, how is she or he will be able to discern the difference between right and wrong? That is basically the essence of moral value education. As parents and educators, we should all advocate the teaching of moral values in our schools for the following benefits:

- ▶ Love and Kindness
- ▶ Respect for others
- ▶ Compassion
- ▶ Honesty
- ▶ Co-operation
- ▶ Forgiveness

PHYSICAL PROGRESS

S S Patil International is a leading educational institution with a vision to establish a platform for balanced education and impressive personality development of all its learners. The core curriculum is enhanced by an extensive co-curricular program that extends the education of students beyond the confines of the class room, in a safe and comfortable environment. The program offers opportunities for recreation, learning and progress needed by a happy mind in a healthy body. We foster individual talents and help discover potential abilities of children which are nurtured and sustained.

Children are encouraged to collaborate, and become effective team players, to enhance their performance and aim for victory within the parameters of accepted rules.

Learners can choose from activities like:-

Yoga

Dance

Speech & Drama

Martial Arts

Chess

Skating

Gymnastics

Cricket

Football
